٥ وقد أشار الشيخ الطوسي في كتابه الاستبصار إلى أن الأخبار الواردة في هذا الباب متعارضة، وأن الجمع بينها يقتضي حمل الأخبار المانعة على الكراهة، والأخبار المجيزة على الجواز، وهذا هو الأقرب إلى الأصول.

٦ ومن الناس من ذهب إلى أن الوضوء بالماء المسخن لا يجوز إلا بعد أن يبرد، وهذا قول ضعيف لا دليل عليه، بل الأدلة تدل على خلافه، فإن الماء المسخن طاهر مطهر، والأصل في الماء الطهارة والطهورية، فلا يزول ذلك إلا بدليل، ولا دليل.

٧ وقد روى عن أبي عبد الله عليه السلام أنه قال: لا بأس بالوضوء بالماء الذي قد سخن بالشمس، وهذا يدل على أن التسخين بالشمس لا يؤثر في الماء، فكذلك التسخين بالنار، لأن الحكم واحد، والعلة واحدة، وهي كون الماء طاهرا مطهرا.

٨ وقد ذكر بعض العلماء أن الماء المسخن بالنار يكره استعماله في الوضوء، لأنه يذهب رقته ولطافته، وهذا تعليل غير مقبول، لأن الرقة واللطافة ليستا شرطا في صحة الوضوء، بل الشرط هو الطهارة والطهورية، وهما موجودتان في الماء المسخن.

٩ وقد روى عن أبي جعفر عليه السلام أنه قال: لا بأس بالوضوء بالماء الذي قد سخن بالنار، ثم برد، وهذا يدل على أن التبريد ليس شرطا، وإنما هو مستحب، لأن الماء المسخن بالنار يكون أحر، فإذا برد صار أقرب إلى الاعتدال، وهو أولى بالاستعمال.

١٠ وقد ذكر بعض العلماء أن الماء المسخن بالنار يكره استعماله في الوضوء، لأنه يورث البرص، وهذا قول باطل لا أصل له، بل هو من الخرافات التي لا يعول عليها، وقد ثبت بالتجربة أن الماء المسخن بالنار لا يورث البرص، وإنما البرص يورثه أشياء أخر.

Questions	Answers.
What arrangements have been made by the late Bakshi Narasappa for the management of the temple and Chatram now in question.	The widow of late Bakshi Narasappa says that the temple and the Chatram referred to were built solely at the expense of her husband. That no help whatever has been given by Govt either for their construction or for their upkeep, the property therefore is absolutely private property and under the arrangements made by her deceased husband they are under her management and to which no other person has any voice in them. These institutions are, under the above circumstances ~~Govt~~ not in the least subject to the Control of the Inspector Department Enable [illegible]

Dept. to interfere as they do in the case of Tirumalai and Chatrams.

2. What is the extent and terms of the Inam Lands attached to the Temple and Chatram —

That on completion of the above institution the late Brahmin applied to the late Highness for Lands for their maintenance the application was referred to the Chief Comm. That Officer was pleased to grant dry lands assessed at 30 pagodas with instructions to the Amildar of Ydatiri to put lands so given at their disposal as stated in the patta made out in the name of the late Brahmin under date the 15th May 1861, that the Brahmin was at liberty to construct tanks, channels on the above lands and to raise gardens thereon or otherwise improve the estate in the best way to their advantage and enjoy the estate in perpetuity without the least interference of the

part of Govt. - The grant of these lands was unconditional and the enjoyment extended to all the items on the land except sandal wood in the Inam settlement also the patta has been made out in the name of the widow. The Inam has therefore to be regarded as personal - The proceeds of those lands are being utilized for the purposes of the two institutions. Jungle clearing & filling in ditches on those lands cost enormous sums and under the terms contained in the patta there is no opening for anybody to question the details of income from those lands.

3. On what conditions they were originally granted and whether they have been confirmed by the Inam Department —.

4. What is the establishment now maintained for the management of the Temple and Chattram.

As per appointment of the late Bakshi, his widow is looking after the affairs of the institutions. It is not clear what concern Govt. has in calling for details of the Bakshis house hold, nor there is any necessity for the widow to furnish the details called for.

5. Whether these institutions are now properly managed by Lakshmi Devamma —

The temple and Chattram are now under the supervision of Lakshmi Devamma and the performance of pujas three times a day in the temple and the preparing of Prasadam in the Chattram every day are in themselves sufficient proof of the satisfactory working of the institutions

6 - Whether the deceased Bakshi Narasappa has made any provision for the of Sanscrit

The deceased Bakshi had not established any patasala except the and the Chattram

a copy the entries

tion Mayor
obtained and

After his death, the
head of the Sanscrit
patasala prayed for
permission to occupy
the vacant upstairs
of the Chatram on
condition of quitting
it on finding a suitable
place for the patasala
elsewhere; and it was
the widow of the Bakshi
who gave such permission
and the Bakshi had there-
fore nothing to do with
the patasala. The head
of the patasala has been
requested to quit the up-
stairs. It can therefore
seem that no place is
available for the school
and that steps should
be taken to prevent trouble
being given frequently
to the occupants of the

No 2054
S.W.D 57. To
The Se[illegible] the Commissioner

Sir

I have the honour to append for the Commissioner's favourable consideration and sanction the request set forth in the enclosed correspondence

N.V. the Maharaja to Major Elliot, dated 16th August/66.
From Major Elliot to the Dept. Supt. Mysore, Dated 17th Augst/66,
From Chamuel Supt. to Deputy Supt. Mysore D. Dated 3rd Septr/66.
From Deputy Supt. Mysore D. to Supt. Astagram Div. Dated 5th Septr/66.

2. I also beg to enclose for reference if necessary a translation of the verna paper receive from the Maharaja in connection with the matter.

It appears that Bukshee Narsappa proposes to excavate a channel from the head of the Mirlay Nullah which will enable him to irrigate about 110 Candies of land now forming a portion of one of H.H. the Maharajah's Cattle Kawals. Probable cost of the work is stated to be about 3,750, & the expenditure the Bukshe is prepared to disburse in full, paying for the whole area brought under cultivation, the rate laid down in the Secretary's letter of the 13th of July 1863, or Rupees 6-8-9 per Candy, provided only that H.H. the Maharajah's request that the Kawal land may be handed over to him, is acceeded to.—

4. It will be seen from the correspondence that the Channel Superintendent has been consulted and has no objection to offer.—

It so happens that in company with Captain Johnson I once went over the site of this proposed channel, and we both agreed that it would have been a most profitable undertaking for Government, but the culturable land having been ascertained to be exclusively Kawal land of His Highness, we thought

no more about the matter.—

The channel I may add will not be more than a few hundred yards in length, but in the middle, it will have to be cut to a depth of nearly one hundred feet through the Rocky saddle of a range of Hills, and this the cause of the heavy expenditure in carrying out, so small a work.

7. His Highness will not of course give up his Kawal to anyone else, even to Government, and by acceeding his request about 720. Rupees of revenue is obtainable, I therefore think that the arrangement is highly advantageous to all parties, and may be carried out without hesitation.

8. The only point remaining for disposal is the transfer of another Kawal to His Highness, but the Deputy Superintendent does not seem to anticipate any difficulty in meeting His Highness' wishes in this respect.—

9. Before writing on this subject, I thought I would enquire from the Bukkur [illegible]

It had to pay a fair rate Kandayrum for it, and he informed me that he wanted the land for the purpose of meeting fully and permanently the increasing wants of the new Chetrum he has built at Ubyapore and which without some more land irrigated by "Ganesab" ~~Channel~~, he is afraid he will not be able to supply without much difficulty

10. A plan &c of the Channel is also forwarded for the Commissioner's inspection.

Sir,

In reply to your letter No. 644,

to state for the information of the
Commissioner that on a perusal
and inspection of the papers on the
subject of a grant of land in
Yedatore, taluk of Bantwal, in

thing in the record which tends
shows any foundation for
usual practice - but I am

es rendered
by Bhaskar Nurdanpak, I think it highly probable that he may have overlooked the matter of special locality, as well as the other matter alluded to in the concluding portion of his letter to the Maharajah, and a pencil note of Major Cleik's which I have found on the back of one of the letters on the subject, and which evidently forms the basis of that Officer's order, herewith submitted, strengthens this supposition. The pencil note contains a [illegible] to the then Head Sherestadar

"ertain the locality and extent
ground required by Nurdanpak."

I really do not think that Major Cleik would, without some well understood permission from the Commissioner, have so far deviated from the usual practice in such matters, his order on the subject is very precise and it can scarcely be supposed

that he was
a choice of
himself upon
do so.
